New Life for Your Furniture

The Furniture Repair Shop at Facilities & Services is the perfect place to refinish or restore used furniture. The shop's staff has expertise in repair and restoration, all at a cost that you can afford. We take great pride in our knowledge and capabilities to give new life to your furniture.

Competitively Priced & Sustainable

Custom furniture repair does not have to be expensive. After a complimentary consultation, our expert staff will prepare a free estimate for your entire project. If that estimate does not match your needs or budget, the furniture staff will prepare alternate options.

Expert Care

Our experienced repair shop staff will work with you

to understand your needs, and provide services that will guarantee customer satisfaction. From age-old woodworking techniques to the latest in equipment, the furniture repair shop transforms old items into new, producing quality furniture that is built to last a lifetime.

Items of Surplus

The University's large storage unit is another resource to refurnish your office while keeping costs low. Items are readily available for pick up to use immediately, or for us to restore to your specifications.

Refurbished with Quality Materials

We offer fine quality fabrics which are water and stain resistant. For all your wood needs, we use durable catalyzed finishes. These will enhance and protect your projects for years to come.

We offer *quality and customer satisfaction* throughout every step of your project.
