

Henry Administration Building (0046)

Classroom Upgrades

Building Information

Year Built: 1913

Project Area Primary Users: General Assignment

Affected Rooms: 137, 143, 149

Room Capacities: 137: 55 seats, 143: 36 seats, 149: 36 seat; Total: 127 seats

Narrative

This project will upgrade three classrooms in the south wing of the building. As a result of the project, each of these classrooms will receive **new furniture, flooring, a new and comprehensive IT installation.** Rooms may receive new ceilings, light fixtures and **new energy efficient windows.** Adjustments will be made to the heating and controls systems to address comfort reliability complaints. If funds allow, other classrooms in south wing could receive new flooring, ceilings, and lighting.

Existing Conditions

Left
Room 143
Student desks in poor condition.

Right
Room 143
Windows in poor condition.
