TRANSPORTATION CLOSURE FORM

(Streets, Sidewalks, Bike Paths & Bike Parking)

Date Submitted: 05-10-2021

Street(s), Sidewalks, Bike Path or Parking to be Closed: Stoughton Ave from Mathews to Goodwin

Intersecting Streets which are affected or define limits of closure: None

Reason for Closure: Uni High Outdoor 2021 Prom

Project On-Site Contact Person: Joel Beesley
U of I Project Manager (PM):

Phone Number: 217-390-3000
U of I PM Phone Number:

Date of Closure: May 15th, 2021

Expected Time of Closure: 3:30pm

Date of Re-opening: May 15th, 2021

Expected Time of Re-opening: 9:30pm

Work Order No. (if used):

CDB Contract No.:

Is Traffic re-routing necessary? No. Anyone driving in that direction from University Avenue would have to turn left at Stoughton, anyway, so they would not be impacted. The only impact might be for someone wanting to turn north off of Springfield avenue to go north on Matthews.

If so, who should be involved? Not sure?

Will Pedestrian/bicycle traffic be affected? Yes

If so, will the sidewalk be closed? Yes

Will ADA audible/visual warnings and barriers be provided? Would appreciate help with this. We do not have barricades.

Will pedestrian traffic be routed safely? Yes

Are additional safety precautions needed? Not that I am aware of.

Please provide a diagram noting signage, re-routing, safety features, etc. with related explanations. Diagram required.

- Yes/No checkboxes for: Is barricading required? Will Facility & Services staff place the barricades? Will police be necessary to direct the traffic? Will this street closure affect University of Illinois parking meters... Will MTD, DRES or other bus route re-locations be necessary? Will deliveries be permitted? If so, how will access be controlled?
